

Getting to Know You

Michelle Bass is a graduate of Tarleton State University, Stephenville. She has a Bachelor of Science Degree in Human Sciences. Michelle holds various other program certifications. She and her husband, Bill, have one son, Hesston.

Family, Career and Community Leaders of America is a dynamic and effective national student organization that helps young men and women become leaders and address important personal, family, work and societal issues through family and consumer sciences education. Chapter projects focus on a variety of youth concerns, including teen pregnancy, parenting, family relationships, substance abuse, peer pressure, environment, nutrition and fitness, teen violence and career exploration. Involvement in FCCLA offers members the opportunity to expand their leadership potential and develop skills for life -- planning, goal setting, problem solving, decision making and interpersonal communication -- necessary in the home and workplace.

Course Offerings

PREPARATION FOR PARENTING

“Knowledge and skills related to child growth and development equip individuals to develop positive relationships with children and effective parenting and caregiver skills. Individuals use these skills to promote the well-being and healthy development of children, strengthen families in a culturally diverse society, and pursue careers related to the care and education of children.” -TEKS

CHILD DEVELOPMENT

“Knowledge and skills related to child growth and development equip individuals to develop positive relationships with children and effective parenting and caregiver skills. Individuals use these skills to promote the well-being and healthy development of children, strengthen families in a culturally diverse society, and pursue careers related to the care and education of children.” -TEKS

READY, SET, TEACH!

“Ready, Set, Teach! is a field-based internship which provides students a background knowledge of child and adolescent development principles as well as principles of effective teaching practices.” -TEKS

CONSUMER & FAMILY ECONOMICS

“Consumer and resource management focuses on consumer practices and responsibilities, the management process, decision-making skills, career preparation, and the impact of technology on individual and family life. Individuals utilize acquired knowledge and skills to develop consumer and financial management expertise, occupational competence, and proficiency in managing multiple roles.” -TEKS

APPAREL

“The textile and apparel industries encompass the production, marketing, and consumption of textile and apparel products. Individuals use knowledge and skills to function effectively as consumers and in careers related to the textile and apparel industries.” -TEKS

INTERIOR DESIGN

“Environmental design addresses psychological, physiological, and sociological needs of individuals by enhancing the environments in which they live and work. Individuals use knowledge and skills related to interior and exterior environments, construction, and furnishings to make wise consumer decisions, increase productivity, and compete in industry.” -TEKS

INDIVIDUAL & FAMILY LIFE

“The relationships between individuals and among family members significantly affect the quality of life. Individuals use knowledge and skills in family studies and human services to enhance personal development, foster quality relationships, promote wellness of family members, manage multiple adult roles, and pursue careers related to these fields of study.” TEKS

CAREER STUDIES

“Home economics education provides individuals and families with essential knowledge and skills for managing the challenges of living and working in a diverse, global society. Individuals utilize these skills to enhance career and personal effectiveness, promote family strength and well-being, and pursue career options.” -TEKS

NUTRITION & FOOD SCIENCE

“Principles of food science, technology, and nutrition are interdependent with growth, development, health, and wellness. Individuals utilize these principles to make informed choices, promote good health, and pursue careers related to food science, technology, and nutrition.” -TEKS
