

## Eustace High School Social Studies

### Objectives

1. To enable the students to recognize their own worth, to clarify and to develop personal values, and to appreciate the worth of others.
2. To assist the students to acquire an understanding of the development of mankind throughout history.
3. To help the students to appreciate their own as well as different cultures, institutions, and aspirations.
4. To prepare the students to function as an informed and responsible citizen, and to assume responsibility for their own social and intellectual growth.
5. To assist in gaining an understanding of the government's role, function and current economic trends.
6. To assist students in their understanding of basic human rights being protected and denied in the world community.
7. To enable students to understand how human, physical and environmental components of the world interact
8. To help students to appreciate the need to protect the environment now and for future generations.
