

Middle School Resource Math

| <u>1st Six Weeks</u> | <u>2nd Six Weeks</u> | <u>3rd Six Weeks</u> | <u>4th Six Weeks</u> | <u>5th Six Weeks</u> | <u>6th Six Weeks</u> |
|---|---------------------------------|---|-----------------------------------|---------------------------------|---------------------------------|
| <i>Pre-Test</i> | Estimation | Measurement of Angles, Triangles, Quadrilaterals, Polygons | Length in Customary System | Quadrant Plane | 2 step equations |
| <i>Vocabulary</i> | Divisibility rules | | Length in Metric System | Graphing ordered pairs | Equations of a line |
| <i>Place value</i> | Exponential form | Perimeter Area Volume | Converting in Metric System | Translations | Binomials |
| <i>Whole numbers</i> | Order of operations | | Add and subtract measures of time | Reflections | Polynomials |
| <i>Decimals</i> | Mean, Median, Mode Range | Circles | Congruency and symmetry | Rotations | Coefficients |
| <i>Fractions</i> | Proportions | Appropriate use of formulas to find; Perimeter Area Volume | Similar figures | Scale drawing transformations | Functions |
| <i>Least Common Multiple</i> | Ratios | | Probability and statistics | Representation of data | |
| <i>Greatest Common Factor</i> | Unit Rates | Six Weeks Test | | Graphs | Six Weeks Test |
| <i>Fractions</i> | Percents | | | | |
| | | | | | |
| <i>Six Weeks Test</i> | Six Weeks Test | | | | |
|  | | | Six Weeks Test | Six Weeks Test | |
| | | | | | |
| | | | | | Post Test |

The Objectives are only a guide and may not be taught during the six weeks listed.
