

Middle School Resource Science

1st Six Weeks	2nd Six Weeks	<u>3rd Six Weeks</u>	4th Six Weeks	<u>5th Six Weeks</u>	<u>6th Six Weeks</u>
Pre-Test	Motion and Forces	Conservation	Components of the Atmosphere	Solar System	Biology
Lab safety	Machines	Rock Cycle	Weather	Sun	Cells
Scientific investigations	Technology	Igneous, Sedimentary, Metamorphic Rocks	Air masses	Planets	Organ systems
Matter	Animal adaptations	Minerals	Forces shaping the Earth	Inner planets	Genetic materials
Nature's Energies	Invertebrate animals	Movement of water	Volcanic activity	Outer planets	Role of genes
Sound and light	Amphibians	Water cycle	Regions of the Earth	Seasons	DNA
Magnetism and electricity	Reptiles	Six Weeks Test			Six Weeks Test
	Birds		Six Weeks Test		
	Mammals			Six Weeks Test	
Six Weeks Test					Post-Test
	Six Weeks Test				

The Objectives are only a guide and may not be taught during the six weeks listed.
